ENERGY, COGNITION & MOOD COMPLEX™

ENERGY

ZipBOOM delivers cleaner, longer-lasting energy without the crash associated with other energy drinks. Naturally sourced green tea caffeine is combined with high doses of B12 along with 31 other energy supporting super-nutrients including Panax ginseng, the amino acid L-taurine, 500 mgs of vitamin C and key electrolytes for energy and hydration like sodium, potassium, calcium and magnesium.

COGNITION

The 33 ingredients in ZipBOOM are designed to synergistically support greater optimal cognition, focus and mental clarity. These include a healthy dose of all 8 key B vitamins, vitamins C and D, and minerals such as magnesium, selenium and zinc. Also included for additional synergistic support are brain super-nutrients including organic beet root powder, bacopa plant extract, ginkgo biloba, quercetin, CoQ 10 and the super-mushrooms lion's mane, cordyceps and chaga.

MOOD

ZipBOOM is packed with nutrients that have been studied for their potential to support a more positive, happier mood. These include all 8 key B vitamins that play an important role in brain function and mood regulation such as thiamine, riboflavin, niacin, vitamin B6, folate, pantothenic acid, biotin and B12. Vitamin D, zinc and magnesium are also included and play an important role in supporting mood. ZipBOOM also includes a healthy dose of the probiotic Bacillus Coagulans at 300 million CFU per serving to support mental health and the Ayurvedic super herb bacopa monnieri reputed to support stress response and mood.

ZipBOOM™

ZipBOOM™

FREQUENTLY ASKED QUESTIONS

Can ZipBOOM be taken in a drink combined with ZipSlim?

ZipBOOM can be combined with ZipSlim in just one drink.

How many times a day can ZipBOOM be taken?

This varies from person to person, depending on their toleration of caffeine. A scoop of ZipBOOM contains 150 mgs. of naturally occurring caffeine from green tea. People with high caffeine tolerance can take more than one serving a day.

Can ZipBOOM be taken even when there's no exercise or workout activity?

ZipBOOM can be taken even without a workout or strenuous physical activity. It offers other benefits like greater cognition, focus and mental clarity, and better mood.

What is the caffeine content of ZipBOOM?

ZipBOOM contains 150 mgs. of naturally occurring caffeine from green tea, equivalent to about one cup of coffee.

How many times a day can ZipBOOM be taken?

This varies from person to person, depending on their toleration of caffeine. A scoop of ZipBOOM contains 150 mgs. of naturally occurring caffeine from green tea. People with high caffeine tolerance can take more than one serving a day.

Can ZipBOOM be taken even when there's no exercise or workout activity?

ZipBOOM can be taken even without a workout or strenuous physical activity. It offers other benefits like greater cognition, focus and mental clarity, and better mood.

What is the caffeine content of ZipBOOM?

ZipBOOM contains 150 mgs. of naturally occurring caffeine from green tea, equivalent to about one cup of coffee.

Will the caffeine contents in ZipBOOM and ZipSlim Charged not cause palpitations if taken together?

This varies from person to person, depending on their toleration of caffeine. Keep in mind that a Venti Blonde Roast from Starbucks contains 475 mg of caffeine! The amount of caffeine in 1 ZipSlim Charged is 100 mgs and ZipBOOM 150 mgs, so 250 mgs total. Much less than the Blonde Roast.
